## LOCATIONS

The Locations Plugin simply holds more detailed information about your client's location including location details and communication details including the following:

Location Details	Communication details		
Map page	Phone 1		
Miles to site	Phone 2		
Major intersection	Phone 3		
Cross street	Fax		
Average travel time	Email		
User defined data	Website		
Directions	User defined data		

Add the communications Plugin for only \$295.00

## LOCATION PLUGIN

- Track detailed location details
- Track detailed communication details
