# PEOPLE PLUGIN

PEOPLE

The People Plugin is used to record extensive details of some or all of the people related to each of your clients. This could include a wide variety of people including owners, decision makers, accounts payable, building managers, etc.

The information you could record for each person includes phone numbers, email addresses, cell phones, etc.

The People Plugin is sold separately and can be added at any time. Your total investment is $295.00

PEOPLE PLUGIN
