

# POLICE DEPARTMENT PLUGIN

## POLICE DEPARTMENT

The Police Department Plugin is designed for police departments and other agencies who manage false alarm reduction efforts including alarm system registration, alarm installer dealer registration, false alarm fines and more.

Combined with the Finance Plugin, this easy-to-use system is all that's needed to manage the revenue, permits and licenses required by false alarm reduction ordinances. The system also offers seamless integration with Premier's Monitoring Plugin used by dealers to manage client system information.

All for only \$8,750.00 plus \$235.00 per month for support. Includes up to five concurrent users

Not to be used for emergency dispatch or response.
