# SALES PLUGIN

ADD THE ALL-NEW SALES PLUGIN AND START CREATING JOB-WINNING PROPOSALS IN MINUTES.

With the Estimate Pro system in the Sales Plugin, you will finally have the ability to easily create and manage all of your estimates and proposals. This system helps you easily create effective proposals formatted to your own personal tastes. After creating your client's proposal, simply print your proposal on your stationery or email directly to your client. And of course, modifying and re-sending a proposal is just as easy. When a proposal is accepted by your client, a single mouse click will convert your proposal into an invoice.

SALES PLUGIN

- Easily create professional estimates in seconds
- Print on your stationery or email
- Track costs
- Single click converts to invoices
- Keep a history of all estimates
- Easily recall, modify and/or re-send estimates

Description	Quantity	Total Price
12 ZONE CONTROL PANEL This U/L listed 12 zone control panel features remote access to help you check system status while you're away. You can even arm and disarm your system remotely. The system also includes many options including fire monitoring, medical emergency monitoring and more.	1	$345.00
DIGITAL KEYPAD This easy-to-use digital keypad is what you will use to arm, disarm and monitor your system status. Built in digital displays will describe any open doors or windows that need to be shut before arming. Special keys can be used in case of fire or medical emergency. Pressing either of these keys will immediately summons the appropriate authorities.	2	$278.00
DOORS PROTECTED These doors are protected from opening. If a door is opened while your system is armed, your system will sound an alarm and transmit a burglary signal to our 24-hour central station.	4	$180.00
WINDOWS PROTECTED These windows are protected from opening. If a window is opened while your system is armed, your system will sound an alarm and transmit a burglary signal to our 24-hour central station. This does not protect your system against window breakage.	12	$540.00
24 HOUR U/L CENTRAL STATION MONITORING Our 24 hour U/L listed central monitoring station will quickly respond to any alarm signal received from your home by notifying the appropriate authorities. They will also monitor your system's back-up batteries and other conditions. Keeping you and your family safe for only $24.95 per month. A three your agreement is required.		
THANK YOU FOR THIS OPPORTUNITY TO SERVE YOU. WE SINCERELY APPRECIATE YOUR BUSINESS.	**Total**	**$1343.00**
